## PROFESSIONAL SUMMARY

Computer Engineering graduate with hands-on experience in software development. Skilled in Python, JavaScript, PHP, and C#. Proven ability to collaborate with international teams, write high-quality code, and troubleshoot complex issues. Certified AWS Cloud Practitioner, committed to continuous learning and staying current with emerging technologies. Excellent communicator and team player, adept at delivering robust solutions that meet client needs and enhance system performance.

## EDUCATION AND PROFESSIONAL QUALIFICATION

**University of Ghana**                                                                                                      **2021**

• Bachelor of Engineering, Computer

## TRAINING CERTIFICATES

**Udacity**

Programming for Data Science

2020

**Amazon Web Services (AWS)**

Certified AWS Cloud Practitioner

2024

## PROFESSIONAL EXPERIENCE

**Kwame AI**

*Data Entry Specialist*

*Oct. 2023 – Jan. 2024*

- Entered and processed large volumes of data, ensuring integrity and accuracy.

- Identified and corrected data discrepancies.
- Contributed to streamlined data entry processes

**Nerasol Ghana Limited**

*Software Developer*

*Nov. 2021 – Oct. 2022*

- Designed and developed multiple mobile and web applications, achieving high user satisfaction.
- Collaborated with cross-functional teams to deliver robust software solutions.
- Implemented scalable, modular, and API-centric infrastructures to handle high volumes of traffic.
- Led end-to-end project lifecycle, ensuring timely delivery of high-quality solutions.
- Updated existing codebase to meet current development standards, enhancing functionality and performance.

*GPS & Telematics Support Engineer*

*Jan. 2022 – Oct. 2022.*

- Collaborated with service providers and original equipment manufacturer (OEMs) to deliver top-tier telematics support.
- Configured and troubleshooted IoT devices, improving functionality and reliability.
- Managed the installation and maintenance of IoT devices, leading and coordinating teams of technicians.
- Led multiple field projects, providing client field training and maintaining positive public relations.

**CodeWeb Company Limited**

*Web Developer Intern*

*Aug. 2020 – Nov. 2020*

- Utilized Photoshop for image editing and enhanced the visual appeal of web applications.
- Established an internet platform for grocery stores, resulting in a streamlined online shopping experience.
- Collaborated with team members to diagnose and resolve software issues.
- Implemented industry-standard best practices for software development and web security.

## TECHNICAL SKILLS

- Programming Languages: Python, JavaScript, PHP (Laravel), C# (ASP.Net Core), C, C++

- Database Management: MySQL, PostgreSQL

- Web Development: HTML, CSS, JavaScript

- Data Analysis and Visualization: Excel, Power BI

- Machine Learning and AI: TensorFlow, Keras, Python libraries

- Distributed Systems: Experience in developing and managing distributed systems

- Cloud Technologies: AWS Certified, experience with public and private cloud solutions

- Linux Systems Administration: Package management and operations

## SOFT SKILLS

**Teamwork**: Able to collaborate effectively with diverse teams to achieve common goals.

Problem-solving: Skilled at resolving issues, especially in distributed systems environments.

**Self-motivation**: Capable of working independently and taking initiative in a remote setting.

**Resourcefulness**: Quick to find creative solutions to challenges in a fast-paced environment.

**Global Perspective**: Understanding and respecting cultural differences when working with international teams.

**Resilience**: Able to bounce back from setbacks and maintain focus on objectives.

Continuous Learning: Committed to staying updated with the latest industry trends and technologies.
